## C.E.R.T. TRAINING!

Following a major disaster, police, fire and medical professionals may not be able to fully meet the demand. People will have to rely on each other to meet the immediate life saving and life sustaining needs, *particularly* in isolated neighborhoods that may be cut off from the main roads for a period of time.

The County of Los Angeles Fire Department's Community Emergency Response Team (CERT) program was developed to provide basic training in safety and life saving skills for the general public.

The course curriculum covers the following modules:

Saturday, March 31	Saturday, April 7	Saturday, April 14
1. Disaster Preparedness	4. Disaster Psychology	8. Active Shooter Presentation
2. Team Organization	5. Light Search & Rescue	9. Terrorism Awareness
3. Fire Suppression	6. Medical Ops #1	Review, Drill, and Graduation
	7. Medical Ops #2	

The training course will be presented as a series of three (3) classes. Scheduled class dates are:

**Saturdays March 31, April 7 & 14, 2018----9:00 A.M. to 4:00 P.M.**
